

### 11. Loch na Thull (Hula)

**Brown Trout**  
**Sea Trout**    **Ferox**

Grid Ref:    NC250501

Best Wind: Any direction except East or North  
Recommended Flies: Any Trout fly sizes 10 -12  
Sea Trout can run through from Lady Loch in high water  
Worth waiting for ferox

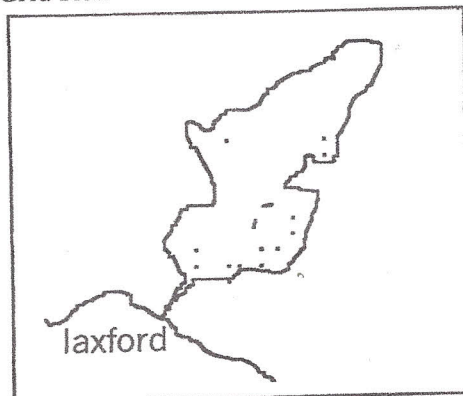

#### Main Lies:

- Sea trout caught to west of road.
- Ferox most likely along south bank and in centre.  
Centre of loch deep – up to 100 ft.  
Narrow channels and bay at East end best for trout.  
Smolt cages put in 1997 may improve fishing in immediate vicinity.

### 13. Key Loch

**Brown Trout**

Grid Ref:    NC 222495

Best Wind: South or South West  
Recommended Flies: All trout flies, fish seem to prefer red flies.

#### Main Lies:

- Along bank at South end.  
Fish can be dour, but large  
Some good fish caught here. 1lb+ not unusual, largest 2 ¾ lb (July 1996)  
Worth trying a sinking line.
